

MISys Web Affiliate Program

Manufacturing Information Systems, Inc. (MISys) invites you to join our sales and marketing team by indirectly marketing one of the world's most widely used PC-based manufacturing systems through your existing web site. Like the hundreds of successful Advisors, VARs, Solution Providers and Consultants who have already discovered MISys, you can enhance your company's profitability by becoming a **MISys Web Affiliate Member**.

There's no doubt about it, with systems installed in more than 40 countries, the MISys Manufacturing System is a time-tested winner when it comes to handling the demands of small- to medium-sized manufacturing companies with big appetites for growth. Because manufacturing is still one of the strongest vertical market sectors in virtually every corner of the globe, MISys can offer you and your company tremendous opportunities for increased revenue and exposure.

MISys Small Business Manufacturing (SBM) is state-of-the-art manufacturing software that, combined with small business accounting products such as QuickBooks, Microsoft Office Small Business Accounting, Sage Simply Accounting, Peachtree, and Microsoft Dynamics Small Business Financials, provides a best-of-breed, integrated manufacturing and accounting system.

Whether you are developing your business from the ground up, seeking to inject innovative new relationships into your core offerings, or searching for ways to expand your consulting business into lucrative new areas, the MISys Web Affiliate Program can add revenue to your bottom line with very little extra work on your part.

How It Works

Here's how the MISys Web Affiliate Program works:

- ◆ Once your application is accepted, paste our banner ad with a link to our Web site on your Web site.
- ◆ We'll provide you with our scripted code so that anytime a visitor to your Web site clicks on our banner ad, they are transmitted to our Web site and your unique company identifier is branded to that prospect. That way we'll always know when someone visits our Web site from yours.
- ◆ If a prospect buys MISys SBM you will be credited for the sale automatically.
- ◆ For every MISys SBM sale credited, you will receive a 10% commission of the total sale for that purchase. For new MISys SBM Sales, that's a minimum commission of \$250USD!
